FY 2002 - Civil Servants

() = Number of new occurrences

OSHA Recordable Cases = Fatalities, Lost Time and Incidents
Incidents = Non first aid medical cases which have less than 8 hours lost time

Injury/Mishap Information

- The Center has been **21** days **without** a Civil Servant **Lost Time Injury** (Record 251 days).
- The following first aid case involving a civil servant was reported:
 - An ASC employee sustained a scalp laceration from striking a facility test section support structure. The employee was working in the test section and stood up, striking the structure. All such bump hazards were identified and covered to avoid future injuries.

Portable Radios and Tape Player Headphones - Use discretion when using headphones with radios and tape players while walking/jogging or in the workplace. One ear should remain uncovered so that warning noises, voices, etc., can be heard. Employees should also ensure the unsecured headphone cords do not become entangled in rotating machinery or caught on objects and projections, leading to a mishap and possible injury. (Reference LAPG 1740.2, Paragraph 8.5.)
